

# OFFENSE MANAGEMENT SOLUTIONS

## Start with just a Couple of Offenses in a Pilot Program ... to see how much a Bracket administered program can help you.

**THE CORE OF ANY MISDEMEANOR DIVERSION OR PROBATION PROGRAM IS THE EDUCATIONAL COMPONENT**

### STAY IN CONTROL

You maintain full control while BRACKET does the work. Our staff has nearly two decades of experience working with prosecutors so you can be assured your program will run smoothly and effectively. Increase the success of your program and the success of offenders, now and into the future.

### RELIABLE CONSISTENT MONITORING AND VERIFICATION

BRACKET monitors every offender through the term of his or her program, making sure all conditions are met – on time and completely. BRACKET handles everything.

BRACKET administers program across the country and across a wide range of offenses. Below is a representative sampling. That means your office or court can utilize Bracket to manage a large percentage of the cases that otherwise take your time and resources. If there is an offense that you are considering that does not appear on this list, let us know. Bracket can handle virtually any offense or condition of diversion or probation.

Misdemeanor diversion is more common but Bracket handles felony diversion in parallel in some jurisdictions.

**Two offenses or twenty—you choose what you wish to include.**

Bracket is happy to work with any size program and number of participants.
